Lesson 5: Leadership Skills – Teacher's Guide
Estimated Time for Completion – approximately 30 minutes

Student Learning Objectives:
As a result of this lesson the student will…
- Improve their knowledge of leadership.
- Identify what characteristics make a good leader.

Directions: Access the commodities and products tab on the AgMRC website (http://www.agmrc.org) and find the business development link, getting prepared link, and leadership skills link. Utilize information located here to answer the questions below:

1. In your own words, explain the difference between leading a group versus managing a group.
   - Select the leading vs. managing link.

2. What makes a good leader? Describe the qualities that you feel a good leader will possess and why.
   - Select the what makes a good leader link.

3. Do you feel that leadership is just one person or can it be a group? Please explain why you chose the answer you did.
   - Have the student research group leadership.

4. Do you feel that leaders are born or made? Why?

5. Give an example in which you have been a positive leader. Why do you think you were a positive leader?
